

16th INTERNATIONAL CONFERENCE ON Humanizing Work and Work Environment

THEME: "TECHNOLOGY ENABLED WORKPLACE DESIGN"

14th - 16th December 2018

2018

HWWE

Humanizing Work and Work Environment

ORGANIZED BY: DEPARTMENT OF MECHANICAL ENGINEERING & CET SCHOOL OF MANAGEMENT, COLLEGE OF ENGINEERING TRIVANDRUM

About the Conference:

International Conference on Humanizing Work and Work Environment (HWWE) conference is one of the important annual events in the field of Human Factors and Ergonomics. The first HWWE conference was held in 2001. HWWE serves as a major forum for the exchange of ideas concerning the improvement in work and work environment. The conference offers a platform for researchers, practitioners, manufacturers and academicians to discuss the ongoing research across the world and help exchange ideas in addressing work related issues faced by human beings in all facets of daily activities. The current conference theme of HWWE 2018, "Technology Enabled Workplace Design", highlights the endless needs of human beings in his never ending quest to improve human life and aims to serve as a confluence of ideas emerging from every aspect of technology implementation in making the life more beautiful. HWWE 2018 thus targets to provide a forum to discuss ways to improve self, the environment he/she works, and to benefit everyone interacting with man-machine work systems. The organizers of HWWE 2018 invite everyone who can contribute to or benefit from this great event that aims the exchange of ideas in the field of Ergonomics/Human Factors Engineering and related fields like Medicine, Physiology, Information Technology and more.

The Venue:

Participating in this edition of HWWE will provide an opportunity to explore and experience the beauty of the "God's Own Country" Kerala, its heritage, historical importance, art and culture, and to become part of it. The host institution College of Engineering Trivandrum (CET) is one of the oldest engineering colleges in India which celebrated its Diamond Jubilee and is located in the southern tip of the peninsular region with a vast expanse of greenery. The institution houses country's oldest Industrial Engineering and Management Programmes which were started three decades ago. CET welcomes all to its premises to make this event a successful and memorable one.

We invite you to participate in this exhilarating International Conference. Papers will be blind peer reviewed. The Prospective authors are welcome to submit their research papers / case studies on the following topics but are not limited to:

1. Agriculture Ergonomics
2. Anthropometry and Workplace Design
3. Applied Anthropometry and Seating Design
4. Biomechanics and Modelling in Ergonomics
5. Biomedical Engineering
6. Cognitive and Environmental Ergonomics
7. Cognitive Ergonomics
8. Ergonomic Intervention and Productivity
9. Ergonomics for Aged and Differently Abled
10. Ergonomics in Defense
11. Ergonomics in Operations, Manufacturing, and Product development
12. Ergonomics in Transport, Mining, and Forestry
13. Healthcare systems, Work Physiology and Sports Ergonomics
14. Human-Computer Interaction and User-Centered Design
15. Industry 4.0 and Ergonomics
16. Manual Material Handling
17. Noise and Vibration Engineering
18. Safety, Occupational Health, and Musculoskeletal Disorders
19. Soft Applications of Ergonomics

Important Dates:

Deadline for submission of abstract	: 17-08-2018
Notification of acceptance	: 31-08-2018
Deadline for Early Bird Registration	: 01-10-2018
Last date for registration	: 16-11-2018
Conference Date	: 14-16 Dec 2018

Registration Fee:

Delegate	₹ 5500 (Indian)	\$250 (Foreigner)
ISE Members	₹ 4000	
Students	₹ 2000 (Indian)	\$100 (Foreigner)
